

Dear Kids on the Block,

Thank you for the puppet show.
It was nice of you.

The puppet I liked best was
the ~~a~~ one with dyslexia. I have
dyslexia, too. Seeing your puppet
show made me feel okay about
having dyslexia, for the first time.

The puppet show helped the other
kids understand about dyslexia.

I asked my teacher if you could
come back every year. She said "probably
not" but I like "maybe" better.

The kids wanted to know who
invited you to come. I said, "Mrs. N"
because I knew.

Your show changed my life,

ERIC®
